SUMMARY

Passionate software engineer with 3 years of experience in developing web applications and backend systems. Proficient in the software development lifecycle, including requirement analysis, design, coding, optimization, debugging, and deployment of enterprise-grade applications, consistently delivering high-performance, and reliable solutions.

WORK EXPERIENCE

Software Developer   Mar 2022 – Present

WebStorm Information Technology, Bangalore

Project 1: Mobile App Development with React Native

- Developed a robust cross-platform mobile app using **React Native**, ensuring consistent performance across both iOS and Android devices.
- Implemented secure payment options, including a POS payment system in Android Studio, enhancing user trust and transactional security.
- Created a mobile app for **Heathrow Express** train ticket ordering and integrated **Oyster card** and London pass ticketing, streamlining the user journey from booking to boarding.

Project 2: API Integration

- Integrated over 10 third-party services, including Big Bus, London Theatre, Golden Tours, Musement, Tootbus, and Core E-sim APIs, using **C#, ASP.NET**, Core Web API.
- Developed **React-based websites** for a variety of services, including car transfers, Uber, hotel bookings, theatre bookings, tours, activities, bus tickets, and London pass.

### Project 3: eCommerce Web Application

- Built a London shopping app in **React.js**, focusing on creating a highly responsive and user-friendly interface that adapts to both desktop and mobile users.
- Played a key role in developing a comprehensive eCommerce web application tailored for the London market, emphasizing scalability to accommodate growing user traffic.

Software Engineer Trainee   Nov 2021- Mar 2022

- Developed a dynamic customer information dashboard using React Hooks, effectively consuming REST APIs to deliver real-time data and insights, enhancing user experience and decision-making capabilities.

SKILLS

HTML	JavaScript	React.js
React Native	jQuery	Redux
Asp.net Core	C#	SQL

EDUCATION

Bachelor of Engineering -ECE
University of Engineering, Dindigul
2016 - 2020

Higher Secondary Education
Bharathi Matric Higher Secondary School, Salem.
2014 – 2016
